* minimum screed strength requirement: K250. for applications over existing tiles, the condition and adhesion strength of the existing tiles must be inspected to ensure they meet our installation requirements.

r.

1.

pick your color.

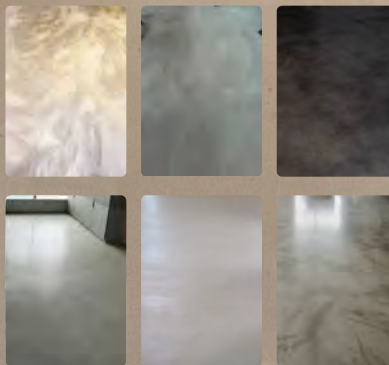

from warm terracotta earth tones to cool industrial greys and charcoal darks.

2.

pick stroke & pattern.

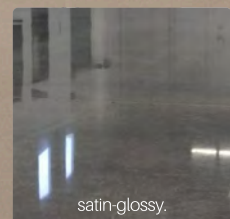

hand-applied organic sweeps, geometric stencil patterns, or perfectly smooth surfaces.

3.

add your finishing.

satin-glossy, the final layer that defines how your space breathes.

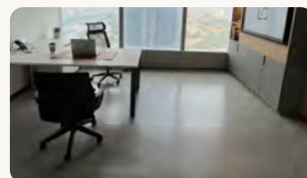

customize
your nakedconcrete.

three simple steps to create a floor that's entirely yours,
from color to texture to finish.
